

COURT DISPUTE INTENSIFIED BY PRESIDENT

Directors Named For Relief Body

FUND CAMPAIGN IS FAR SHORT OF \$3,000 GOAL

Meeting Called This Afternoon
To Elect Officers and Formulate Plans for Administering
Aid to Needy Families of
Wilbarger County.

Eleven men were elected directors of the Vernon Community Service Corporation at a membership meeting this morning in the County Court room. The 11 men, who will compose the board of directors for 1937, planned to meet this afternoon for the purpose of electing officers and formulating plans for administering funds raised in the relief drive just completed.

The new directors are J. J. Cockerell, W. D. Curtis, J. V. Owen, J. L. Showers, J. Foreman, T. E. Davis, Elly O. Youngblood, M. G. Potot, J. K. Campbell, M. R. Garrison and Hub Collier.

Cash amounting to \$1,537.75 and unpaid pledges totaling \$111.50 were received in the drive, J. L. Showers, campaign chairman, reported. A goal of \$3,000 was set last week at a meeting of officials to meet emergency needs in Wilbarger County. Mr. Showers said a few committees had not made final reports.

A review of the Community Service Corporation, inactive in recent years, was given by County Judge Potot. He reported that a truck belonging to the organization and rented to the State Highway Department in transporting relief workers to road projects, had brought in sufficient revenue to retire old debts, leaving the organization with a balance of \$33. Mr. Potot briefly discussed the relief problem confronting Wilbarger County as a result of recent cuts in WPA assistance and a further decrease scheduled for June 1.

President Fay E. Eggleston was in charge of the meeting, attended by about 30 members. A nominating committee composed of Guy Self, Frank C. Byrd, L. A. Wilson and M. K. Berry submitted the names of the new directors.

IOWA PARK PHYSICIAN SUCCUMBS AT QUANAH

A Mason and a member of the Wichita Falls Post Carriage Post of the American Legion, Dr. Woodall served in the Medical Corps at San Antonio and El Paso during the war.

Survivors include five sons, Rollins of Oklahoma City; Bob, a student at End, Okla.; Ross of Whitney, Texas; O. K. of Littlefield; and W. W. Woodall of Farmersville; and one grandson, Ross Woodall, Jr., of Whitney.

WAR GAMES ARE OPENED BY RED TROOPS NEAR MOSCOW

Moscow, March 5. (AP)—Crack Red troops forming the outer line of defense for Moscow began Thursday an army in white-protective coloring against a hypothetical enemy in a week of war games.

The maneuvers started in deep snow about 100 miles west of the Capital with the soldiers in white uniforms. Correspondents reported tanks, guns and airplanes were painted white and some of the cavalrymen rode white horses.

Niagara Jam Breaks.

Niagara Falls, N. Y., March 5. (AP)—Niagara's great ice jam began breaking up Thursday. The water flow over the American Falls, which were nearly dry Wednesday, increased nearly to normal, and holes appeared in the ice sheet in the lower gorge. This sheet has been estimated by rivermen to be 40 to 60 feet thick.

U. S. EMBASSY REPORTS ON L'GUARDIA REACTION

Berlin, March 5. (AP)—The United States Embassy today transmitted to Washington a full report on strictures against Mayor Fiorello La Guardia and "crime conditions" in New York, appearing in Der Angriff, the newspaper of Dr. Paul Joseph Goebbels, German Minister of Propaganda and public enlightenment.

The embassy made no comment on its report, forwarded to the State Department.

Der Angriff, which yesterday filled columns—as did other newspapers—with a stormy attack on Mayor La Guardia personally, today ran a series of news photos intended to show New York and the United States "the land of freedom-for all gangsters."

One picture showed a man in a "bank robber number one," x x x "who has not yet reached the stage of mayor or governor."

Another photograph purported to depict the family of a New York slayer "kneeling at the gates of Sing Sing" to give thanks to "Jehovah and his faithful servant, the Jew Governor Lehman."

Der Angriff, in another place, assailed the "shilly shally" treatment of the LaGuardia case by the Washington State Department, "which incites LaGuardia to utter new insults and earmarks this (New York) as a State in which 12 million humans have no other liberty except that of dying silently of hunger in the gutter."

The new Nazi press outburst against LaGuardia resulted from his suggestion before the Jewish women's meeting in New York Wednesday that the 1939 New York World's Fair have a "hall of horrors," the chief figure in which would be "that brown-shirted fanatic" who, he said, was menacing world peace.

A formal German protest followed in Washington, and Secretary of State Hull yesterday made an informal expression of regret.

BILLIE BELL INDICTED BY FALLS COUNTY JURY

Marlin, March 5.—Two indictments on charges of forgery were returned Thursday against Mrs. Billie Bell by the Falls County grand jury. Her husband, Edward A. Bell, an inmate of the Arkansas penitentiary, was also indicted on a forgery charge.

The indictments added another chapter to the "mistaken identity case" in which Mrs. Nelle Harvey, wife of a Wichita Falls oil man, contends she was unjustly convicted on crimes committed by another woman.

Mrs. Harvey had been given prior sentences totaling more than eight years on forgery convictions and was awaiting trial here on additional charges when Mrs. Bell admitted she passed checks here and at other points resulting in forgery indictments against Mrs. Bell.

Falls County prosecutors, convinced by her story, secured the release of Mrs. Harvey. Charges against her here were dismissed last month.

ENGLISH EXPECT RAIN ON CORONATION DAY IN MAY

London, March 5. (AP)—The threat of rain, with its attendant possibility of financial loss, plagued Great Britain today as it cast a collective eye at the weather for coronation day—even though it is more than two months away.

Everyone from King George VI down to his lowliest subject who will fight for a glimpse of the procession was hoping against hope that May 12 would be dry.

But, just drying out after the wettest winter in years, they didn't really have much hope, and an average Englishman, after a glance at the weather on May 12 for the past 25 years, passed along this tip to America:

"If you are coming to the coronation don't forget your raincoat, overcoat, shoes and umbrella."

INCOME TAXES SHOOT U. S. REVENUES HIGHER

Washington, March 5. (AP)—Income tax revenues dribbling in at the rate of a few million dollars a day will soon reach a flood tide which Treasury officials expect to pour \$840,000,000 into the Federal purse this month.

With only 10 days remaining until the March 15 deadline for filing returns, authorities estimated today income tax receipts would aggregate about \$1,500,000,000 between now and June 30.

If revenues reach \$840,000,000 in March, they will more than double the \$412,452,233 collected in the same month last year and will outstrip receipts for the entire 1932-33 fiscal year by \$94,000,000.

Estimates of the sharp upturn are based on the consistent upswing in gauges of business activity during the last half of 1936 and effects of upward revisions in tax rates against corporation and higher bracket individual incomes.

PIONEER OF FOARD DIES

RITE FOR MRS. J. W. BRUCE
PLANNED SATURDAY AT
CROWELL CHURCH

Crowell, March 5.—Mrs. J. W. Bruce, 65, pioneer resident of Foard County, died Thursday afternoon at the home of a daughter, Mrs. O. A. Lafave of Roaring Springs. Funeral services will be conducted from the First Baptist Church in Crowell Saturday afternoon at 2:30 o'clock. Services will be in charge of Rev. E. L. Yeas, Methodist pastor. Burial will be in the Crowell cemetery.

Mrs. Bruce resided in Foard County from 1888 to 1917, when the family moved to Roaring Springs. She was a native of Monroe County, Mo., but moved to Dallas County with her parents when a child. She was married in Dallas County in 1888.

She had been a member of the Baptist Church through most of her life. Mrs. Bruce had been a frequent visitor in Crowell in recent years in the home of a son, Jeff Bruce.

Survivors include the husband; four sons, Jeff Bruce of Crowell, Charlie Bruce of Laveta, Colo., Everett Bruce of Campo, Colo., and Cal Bruce of Los Angeles; and a daughter, Mrs. Lafave of Roaring Springs; a half-brother, Charlie Moore of Irving; a sister, Mrs. Mattie Guthrie of California; 12 grandchildren and two great-grandchildren.

Funeral services will be held at 2 p. m. at the home of Mrs. Bruce, 1101 E. 11th St., in Dallas. Burial will be in the Dallas cemetery.

The idea was to let the success at Paris during the World War.

GERMAN PRESS FIRES AT L'GUARDIA STATEMENT

Berlin, March 5. (AP)—German newspapers fired another blast at Mayor Fiorello La Guardia of New York today for his latest attack on Chancellor Hitler and at the United States for permitting "insults" to the head of a friendly power.

La Guardia "besmirched" the United States rather than Der Fuehrer, Hitler's own paper Voelkischer Beobachter blithely observed, for in a well governed State such agitation would be confined "either to an asylum or a penitentiary."

Other journals said the Washington Government would not be able to "gloss over" this incident by pointing out the Government has no control over the speeches of an individual.

Virtually the entire morning press used streamer lines to tell the German people of the Reich's protest against La Guardia's suggestion for a "hall of horrors" at the 1939 world's fair to include "that brown-shirted fanatic who is menacing the peace of the world."

BRITISH AIR FORCE ADVANCES PLAN TO DEFEND LONDON FROM ENEMY PLANES BY STEEL CAGE

London, March 5. (A-P)—The British Air Force disclosed its plan today to defend London from an air attack by a cage of steel cables in asking Parliament for appropriations that would boost the 1937 cost of Britain's war machine to £269,739,000 (\$1,348,695,000).

The Air Ministry announced its expense estimates for the current year would reach \$2,500,000 pounds (\$412,500,000) or more than double the amount asked for last year.

The Royal Air Force, Viscount Swinton, Secretary of State for Air, announced, would be increased to 70,000 officers and men with a first line strength of 1,750 aircraft organized in 124 squadrons.

The special units of an auxiliary air force would be created, he declared, to operate a balloon barrage for the defense of London from the air.

Huge fleets of balloons, he explained, would be sent into the air at the first alarm of a hostile raid to drop a network of cables that would cage in the city and ensure any enemy plane that tried to dash through.

The air estimates, disclosed by Lord Swinton, pushed the cost of Britain's triple threat war machine beyond the billion dollar mark.

The air force personnel as planned for 1937, the minister said, means an increase of 20,000 men. By April 1, he proudly told the House of Commons, the Royal Air Force will number 100 squadrons, stationed at home, 29 squadrons serving with the air arm of the fleet and 26 squadrons in the dominions beyond the seas.

Civil aviation was not slighted by the Air Ministry in its expense estimates, with a total of \$10,575,000, more than doubling 1936, set aside for that branch.

Inauguration of the Empire Mail Service, development of the extended organization of Empire air routes and experimental ocean flights, including those over the North Atlantic, he said, caused the civil increase.

A subsidy of \$90,000 for Imperial Airways was asked for the projected Bermuda to New York service which he said he hoped would be inaugurated in conjunction with Pan American Airways by April.

BRITISH PLAN USED BY FRENCH IN WORLD WAR

London, March 5. (AP)—Military experts today stressed the "balloon barrage" as one of the most efficient of modern weapons against an attacking airplane fleet.

The balloon barrage consists of a series of kite balloons which support steel cables. From the cables hang a screen of wires.

Any contact with these wires, however slight, is said to be enough to wreck an airplane or cause a pilot to lose control of his machine.

The idea was tested with success at Paris during the World War.

NEW EVIDENCE SOUGHT IN VIRGINIA SLAYING

Charlottesville, Va., March 5. (AP)—Albemarle County officials sought evidence today to supplement Dr. R. G. Miller's signed statement on what Commonwealth Attorney W. O. Fife called the "out and out murder" of Cleo Sprouse, pretty high school junior.

Miller is in jail at Richmond. The dentist's written statement that the girl died of cholera form as he prepared to perform an illegal operation in an automobile, was described by State's Attorney W. O. Fife, as "not satisfactory to us at all."

MOTHER-IN-LAW DAY OBSERVED IN STATE AS AMARILLO LEADS WITH MAJOR CELEBRATION

Amarillo, March 5. (AP)—Ha, ha, remember that joke about the farmer whose horse ran away and killed his mother-in-law?

"Why," said the farmer, "every married man for miles around tried to borrow that horse."

Don't tell that one in Texas! Not today, brother. Not today.

This is Mother-in-Law Day in the Lone Star State. Gene Howe, the self-styled "Tactless Texan," started it. Remember Gene? He's the editor who brought down a boycott on himself in 1928 by writing that Colonel Charles A. Lindbergh had a "swelled head." Later he apologized. In 1929 he criticized Mr. Garden as tottering with age. The opera singer replied in kind. Later they became friends.

Then he referred in light vein to his mother-in-law as "The Standing Army." Gene hadn't meant any offense. But she was hurt. So he started a mother-in-law day four years ago.

Said the son of Ed Howe, "The Sage of Potato Hill," in explanation: "An angel of a woman does not become a shrew and a busybody of a devil in skirts and a homewrecker simply because she has a daughter or son who marries. . . . The greatest asset a young couple can have is a mother-in-law."

Governor James V. Allred ruled the idea official for the whole State—and that takes in a lot of mothers-in-law.

In Amarillo alone approximately 1,000 women are duly registered with letters of recommendation from their children's mates. First they are going to a free luncheon today. Then to a free show.

Many Amarillo merchants have gone free merchandise ready for them. Next year the Nation's No. 1 mother-in-law, Mrs. Franklin D. Roosevelt, is to be invited by Howe to the festivities.

Maybe he'll give her an introduction as impressive as the one Governor Allred gave two years ago for his own mother-in-law.

"I present the mother of my wife, the one who gave her birth, guided her through childhood, filled her heart with dreams and sent her forth into the world with courage, the one who has been a second mother to my two baby boys, who has loved them as if they were her own."

FRANCE LIFTS BAN ON GOLD TRADING TO AID FRANC

Paris, March 5. (AP)—Premier Leon Blum's Socialist Government bolstered uncertain French finances today by lifting the ban on domestic gold trading, promised drastic curtailment of public expenditures, and urged "every Frenchman" to support a new national defense loan—"the only one which the Treasury will issue during the course of the year."

Lifting of the ban on gold for home trading will be effective Monday.

To revive confidence, parliamentary circles said, the Government necessarily must peg the franc, at least unofficially.

Financial circles expected the Bank of France, with the backing of the Treasury and under the triplicate agreement among France, Great Britain and the United States, to keep the franc to 2150 to the dollar, approximately the present market price.

Parliamentary circles thought it more probable Vincent Auriol, Minister of Finance, would seek to peg the franc at 2134, a slightly lower rate, in order to aid foreign trade and prevent further strain on French finances.

In a trio of measures which reviewed the entire scope of France's deficit-ridden account sheet, Premier Blum proclaimed a sweeping revision in his financial policy.

He based his principal hopes on attracting hidden gold from hoarders' caches and repatriating French gold which has flowed outside the country the last five months since the devaluation of October, 1936.

The cabinet approved three measures to bolster the Nation's financial position:

1. A request to the Bank of France to give general authorization for free importation and free trading in gold in the interior of the country) to become effective Monday, March 8.

2. Formation of a commission of experts to "assure defense of the franc, the security of commerce and stability of prices."

3. Dispatch of "severe instructions" to all Government departments to cut expenses with the "single reservation of necessary increases in small salaries" and promise of punishment for unjustified increase in prices of necessities of life.

STEEL UNION FIGHTS C. I. O.

Pittsburgh, March 5. (AP)—A committee of employe representatives from 18 mills of the Carnegie-Illinois Steel Corporation today asked William Green, president of the American Federation of Labor, for assistance in a fight against the John L. Lewis Industrial Union.

The committee sent a telegram to the Federation president at Washington seeking his counsel and advice on reorganization of the so-called "company union" system as that it might continue to function.

The Carnegie Corporation last Tuesday extended formal recognition to the Lewis union and signed a year's contract agreeing to a 40-hour work week and a 10 cents an hour increase in wages.

Twenty-five employe delegates, constituting a general council representing workers in Pittsburgh district plants, earlier designated a grievance committee to act as an executive group to bargain with the corporation on hours, wages and working conditions. This grievance committee made the appeal to Green.

His chairman is Owen Jones, of Martins Ferry, Ohio.

A spokesman for the representatives announced their action after a two-day meeting called primarily to decide what form of reorganization would be chosen for the employe representative plan in the struggle for leadership of the workers.

It was announced that no decision had been reached on reorganizing the plant, but previously members hinted an independent union might be formed to contest Lewis' campaign.

Beaumont, Texas, March 5. (AP)—"Here I am, back home again," read a note posted on the back of a warped and faded tag attached to the corroded key of a Beaumont hotel that came through the mail.

It was written on the back of an official ballot of the Maritime Federation of the Gulf Coast.

"Where I have been you will never know—but had company you can see. I was headed for Scotland with those other bums but a stern longshoreman has put me back on the straight and narrow path," fine note said.

Hotel GETS NOTE WITH RETURN OF LOST KEY

Washington, March 5. (AP)—Secretary Morgenthau said Thursday he had a "pleasant exchange of views" this week with Georges Bonnet, new French Ambassador.

"Mr. Bonnet came to pay his respects on Monday," the Treasury chief told his press conference. "I assured him the interest of the United States Government in the welfare of France has been demonstrated in the last two years and that we would continue to do everything we could and still live within and up to the letter and spirit of our existing laws."

Madrid Reds Ignore Fresh Shell Attack

Madrid, March 5. (AP)—Insurgent gunners pumped new shells into Madrid today to strafe a city besieged for four long months.

Madridenos, however, were confident the shells, fired in dark and foggy weather, would cause little damage. They believed they were intended in the main to crack their morale.

Facing possible new food restrictions, they tightened their belts. The handful of refugees in the officially-closed American Embassy building were put on bread ration for the first time—half a large roll of bread apiece for the day.

Washington, March 5. (AP)—President Roosevelt's contention that decisions by the present Supreme Court endangered democracy intensified today the dispute over its judiciary program and virtually dispelled hopes for compromise.

Congressional leaders viewed determination to carry the issue to the people as heralding a historic struggle to reorganize the court, not because of its burdens, but frankly to encourage interpretations of the Constitution more in accord with the Administration objectives.

Accusing the justices of rendering Congress impotent to attack social and economic ills, he called for action "now" to "free from legal doubts those policies which offer a progressive solution to our problems."

While a big hotel-ballroom packed with top-ranking Democrats applauded every thrust, he turned the rapier of his famed eloquence upon the Supreme Court and called for immediate action to end the deadlock between his Administration and the judiciary.

With an obvious reference to the "dictator" charges hurled by his enemies, he disclaimed any intent to seek a third term in office. And he struck again at the tribunal's majority with the accusation that some justices were letting their own economic beliefs control their decisions.

He said it pleased the "personal economic predilections of a majority of the Court that we live in a Nation where there is no legal power anywhere to deal with its most difficult practical problems—a no man's land of fiscal futility."

The speech, his first utterance on the Courts since his message on the Judiciary went to Congress a month ago, was delivered at a gigantic "victory dinner" here, featured event of dozens of Democratic dinners throughout the country celebrating the 1936 landslide.

Mr. Roosevelt recited the new deal's effort to deal with the farm problem by the Agricultural Adjustment Administration, and of the effort to improve labor conditions through the NRA. After each reference he asserted:

"You know who assumed the power to veto, and did veto that program."

Despite opposition by some leaders in his own party, to his proposal for enlarging the highest court unless aged justices retire, the strength of the Democratic organization was being marshaled today in support of the Roosevelt views.

While messages accumulated at the White House, the opposition both in the Senate and House took steps to strike a blow without delay. Senator Borah, Democrat, Virginia, and Senator Borah, Republican, Idaho, were mentioned as prospective spokesmen to be ready possibly Monday when the Senate reconvenes.

WASHINGTON WAITERS SEE BIG LOSS AT PARTY MEAL

Washington, March 5. (AP)—A group of mathematically-minded waiters eyed today the stacks of dirty dishes from last night's \$100-a-plate Democratic Victory Dinner and calculated they were out just \$17,730.

"Let's see," said a big red-faced victuals-juggler, "1,800 eaters at \$100 a head adds up to \$180,000."

"And," he continued, "what a gentleman's tip supposed to be?"

"Ten per cent," chorused the others.

"O. K.," said the leader, "ten per cent of \$180,000 is \$18,000."

"If there are 300 waiters that's 60 bucks apiece. How much did you get, Joe?"

"Forty-five cents," said Joe.

"Well," reasoned the leader, "everybody didn't do that bad. Say we got an average of 15 cents a head, that's \$270."

He paused to drive home his punch line.

"Which means," he said slowly, "we lost \$17,730 on the Victory Dinner."

"Whose victory?" asked the little fellow they called Joe.

GEISHA GIRL ENDS LIFE IN PROTEST OVER RITES

Osaka, Japan, March 5. (AP)—A beautiful 22-year-old geisha girl chose death today rather than join scores of her sister self-down strikers in nude rites of purification within the sacred precincts of a Buddhist temple.

The geisha girl, barricaded within the temple precincts on Mount Shin-ji, rose before dawn, stripped off her nightgown and plunged into an open air bath of freezing water in ritualistic purification before praying for success of their strike against exploitation.

But modest Fukuko Miyamoto slipped away from her sisters and went secretly down the mountain to the city where she took poison.

While Fukuko was stealing silently to the death her modestly dressed, her colleagues marched before the Director of Police and petitioned him to organize an independent geisha guild.

On that condition only, they declared, would they return to their nightly jobs of entertaining Osaka's tired business men.

CZECHOSLOVAKIAN UNREST DRAWS CLOSE ATTENTION

London, March 5. (AP)—The International Non-Intervention Committee today embellished its ponderous but still incomplete machinery to isolate the Spanish War, confronted by a possibility the next European war would flare up in Czechoslovakia.

Persistent reports that the German minority within Czechoslovakia was panning an insurrection had diplomats wondering what luck they would have in rousing off such a Central European danger zone.

Czechoslovakia might become the first battleground if the enmity between Germany and the Soviet Union ever should crystallize in actual combat.

PREMIER OF CANADA IS GUEST OF ROOSEVELT

Washington, March 5. (AP)—A visit to Washington by Canada's Prime Minister coincided today with predictions on Capitol Hill that President Roosevelt would re-submit the long disputed St. Lawrence waterway treaty to this session of Congress.

Making his second call on President Roosevelt in less than two years, Premier W. L. Mackenzie King will remain overnight at the White House.

RESTRICTION ON RADIO ENDORSEMENTS PROPOSED

Washington, March 5. (AP)—Representative Maloney, Democrat, Louisiana, proposed a Federal restriction Thursday upon radio advertising endorsements, which he described as "an insult to the intelligence of the average citizen."

The Louisiana bill would require that paid radio endorsements on any commercial program preface their remarks with the statement that their endorsements have been purchased by the program sponsor.

Even today the Mayas lack modern farm implements.

COTTON New York.

New York, March 5. (AP)—Cotton futures opened barely steady, unchanged to 7 lower on liquidation and hedge selling. March 1937: May 13.22; July 12.85; October 12.49; December 12.44; January 12.45.

Trading was fairly active but offerings were pixed. Heaviness in March, which position had recently led the advance, brought in increased profit taking throughout the list. Yesterday's late morning reaction here and a late decline at Liverpool today seemed to disturb confidence.

At the same time rains in the western belt brought some selling in the new crop positions. Prices eased to net losses of 3 to 11 points on the early decline but trade price fixing against yesterday's heavy sales on cotton goods appeared at the lower level.

May, which sold off from 12.22 to 12.14 was quoted at 12.15 after the first half hour when prices ranged from unchanged to 11 points net lower. March continued heavy and showed little tendency to rally.

A Liverpool buying largely for continental accounts met scattered profit taking and hedge selling.

New Orleans.

New Orleans, March 5. (AP)—Small net losses were marked up against cotton futures at the opening today. May opened at 12.15, July at 12.85, October at 12.45 and December at 12.45. In the first half hour options fluctuated narrowly around these levels.

Selling was light at the first call, but buying interest was not as active as it has been the past week. There was little in the overnight news that could be construed as definite price making factors.

The president's message last night was actively discussed but the ring crowd did not consider it offered anything that should change the present course of prices.

Liverpool.

Liverpool, March 5. (AP)—Cotton, 51,000 sales, including 22,000 American, 8,000 in fair demand; prices one to 11 points lower. Quotations in pence: American, strict good middling 8.47; good middling 8.17; strict middling 7.87; middling 7.70; strict low middling 7.42; low middling 6.92; strict good ordinary 6.42; good ordinary 6.02. Futures closed steady. March 7.40; May 7.44; July 7.40; October 7.06; December 7.00; January 7.06.

Eggs, 14,000, unsettled, prices unchanged.

Elizabeth and Mary, Queen of Scots, lie almost side by side in Westminster Abbey.

GRAIN Chicago.

Chicago, March 5. (AP)—With Liverpool quotations sharply higher than expected, Chicago wheat prices soared early uptimes today. Italy and Germany were reported as again active buyers of wheat.

Opening 1/2 to 1 cent up, May 1.34-34 1/2, July 1.15 1/2-1 1/2. Chicago wheat futures afterward rose further. Corn started 1/4-1/2 higher, May 1.07, July 1.02 1/2.

STEEL STOCKS SHOW BIG GAIN ON STRONG MARKET

New York, March 5. (AP)—Led by U. S. Steel, stocks recovered vigorously in today's market, many pushing up 81 to around \$5 a share to new 6-year highs.

Buying was stimulated, brokers said, by a sharp advance in steel prices announced last yesterday and indications that increases in many other lines were imminent.

U. S. Steel crossed the \$125 level with large blocks of shares changing hands.

Expert Dry Cleaning DEMANDS Expert Training

DRY Cleaning is more than a business...it's a fine art. No one general process can be used on all garments. Different materials respond differently to cleaning. Colors must be considered...the removal of spots must be studied if the garment is not to be impaired.

These and countless other facts must be well understood if garments are to be cleaned thoroughly and harmlessly. For 25 years we have made a careful study of dry cleaning. We have fitted our plant with the most modern equipment. We use the newest cleaning solvents. We employ only skilled labor.

—all to the end that every garment entrusted to our care shall be handled properly, shall be cleaned thoroughly, and shall be returned with new life and new loveliness.

Your Dry Cleaner is an important factor in care of your wardrobe; choose him wisely and well. As Vernon's most experienced cleaners, we respectfully solicit your patronage.

"BLACK-DRAUGHT IS PURELY VEGETABLE"—What Does That Mean?

A great many things can cause constipation and there are many remedies to relieve it, but possibly one more popular than the "vegetable" laxatives.

Among these, Black-Draught is outstanding. In its manufacture, leaves of a certain plant are used, and the roots of certain others. These are dried so they will keep without preservatives, and no chemical change from the way they grew in "Mother Nature's medicine garden." By their being finely ground, the digestive system extracts the active medicine right where it is needed. Constipation is relieved.

Black-Draught is so economical that a 25-cent package averages upwards of 25 doses.

That the North Texas Civic Music Association's final concert of the season was also the most enjoyable was the opinion expressed Thursday evening by members who saw a superb performance of Trudi Schoop and her comic ballet. The performance was given in the auditorium of the Wichita Falls High School.

The Schoop ballet is unique in that it employs every technique of program with two vocal solos. After but opera, musical comedy, and so on, life in general. So well was the presentation received by the membership of 800 that officials of the Association are optimistic with regard to the annual membership drive for next season. The drive will be conducted March 29 to April 3.

Vernon people attending the presentation included Y. H. Robinson, Dr. and Mrs. J. J. Mairland, Frank Coulter, Bobbie Cooanover, Mesdames W. N. Stokes, R. G. Cooanover, A. L. Borchardt, Clarence Rainwater, and Misses Doris Copeland, Mary Fenton, Mary Helen Moseley, Ola Mae Wright, Lillian Bacon, and Laura Lane.

Perennials For Use With Annuals Listed For Club

Flowers, shrubs, and vines to be used with perennials were listed by Mrs. L. E. McCurdy at a meeting Thursday of the Garden Club in the Yamparka Club House. The subject of her talk was "Annuals to Use With Perennials."

Variety holds interest, Mrs. McCurdy said before she enumerated the annuals. The list included phlox, larkspur, gladioli, astors, lupine, and several wild flowers; roses and crepe myrtle under the classification of shrubs; and moon vine, morning glory, cypress, and jack beans as vines. Wild flowers, she added, will need some shade, and cotton seed meal is a good fertilizer for roses.

Mrs. R. D. King gave "The Gardeners' Guide for March," saying that this month is most tantalizing to the gardener because of more Spring-like weather. She advised clearing away of moss or other protection when Spring bulbs appear, and emphasized the necessity of rich soil and good drainage for sweet peas. She concluded by saying that moth balls in beds with dahlias will keep away moles and gophers.

The program was concluded with a discussion of correct pronunciation of household terms by Mrs. L. G. Hawkins. Each club member was presented with a verbenia plant by Mrs. B. F. Owens, and other plants and seeds were exchanged. In the monthly contest on miniatures under six inches, Miss Edna Lind Cole received first prize for a miniature garden. Second for a miniature vase of violets went to Mrs. C. W. Oliver, and Mrs. W. H. Huggins was awarded third for a small vase of japonica. Those present for the meeting were Mesdames D. D. Moore, E. A. Vernon, L. E. McCurdy, W. H. Huggins, J. E. Collins, R. D. King, Oscar White, M. D. Wolverton, L. G. Hawkins, George H. Beavers, W. C. Pitts, C. W. Oliver, F. C. Irons, and Misses Edna Lind Cole, Frances Collins, and Robbie Castleberry.

Vocal solos will be given during the evening by Miss Alice Stokes, Miss Bess Vernon, Mrs. L. B. Howard, Mrs. J. R. Allen, and Mr. Wilson. A reading will be presented by Mrs. H. H. Hargrove, and a vocal trio composed of Mesdames Roy Wright, Buford McDougal, and J. C. Rogers will also sing.

Incidental piano music will be furnished during the evening by Miss Mattie Smith, Miss Lillian Bacon, and Mrs. E. A. Barrett.

MOST HUSBANDS ARE LIKE CHILDREN

Many a man owes his fitness and success to his wife who "sees that he takes good care of himself." She knows that constipation slows down energy, knows also that it is usually due to meals low in "bulk."

In millions of homes, this needed "bulk" is supplied with Kellogg's ALL-BRAN. Within the body, this cereal absorbs twice its weight in water, forms a soft mass, gently exercises and sponges out the system.

ALL-BRAN also furnishes vitamin B to tone up the intestines, and iron for the blood. Two tablespoons daily are usually sufficient. In severe cases, with each meal.

How much better to use this food instead of taking pills and drugs! Serve ALL-BRAN as a cereal with milk or fruit, or in appetizing muffins, breads, etc.

Try ALL-BRAN a week. If it is not satisfactory, your money will be refunded by the Kellogg Company. Sold by all grocers.

NORRIS TALKS OF PAST YEARS

VETERAN INDEPENDENT IN CONGRESS REVIEWS LONG PERIOD OF SERVICE

Washington, March 4, (AP)—The Independent George W. Norris of Nebraska began his thirty-fifth year in Congress Thursday by expressing faith in National progress, but impatience "because the pace is not faster."

The veteran Senator talked of bygone days as a House member as he walked listless along the Capitol concourse.

"My most interesting time," he said, "was in the Cannon fight. That victory for a principle marked a turning point for the better. We can see the gains from it operating today."

He referred to the parliamentary revolution he led in 1910, by which Speaker "Uncle Joe" Cannon was stripped of "czar" powers over House proceedings.

"We are making headway for other important principles today," he said.

However this dispute over the Courts' powers is settled, I believe it must and will be settled in a way to make possible a more equitable distribution of wealth."

On March 4, 1917, he was recuperating from the strain of the historic filibuster which killed the "armed neutrality" bill of President Wilson.

Again, four years ago the last of the "Lame Duck" Congresses had just ended. The Norris amendment was responsible.

Norris is planning now to support new amendments to curtail the power of the judiciary.

TEXAS TECH EX-STUDENT HONORED AT IOWA STATE

Johnson wrote Dr. Young Dr. Kubina will use a new method of microscopic soil classification in use in Europe some time, but new to American soils.

SULULAND HAS NEW TROUBLES

THRONE CLAIMED BY PAIR OF SULTANS AND SULTANAS

Manila, March 4. (AP)—Warlike Sululand had two Sultanas as well as two Sultans Thursday but leaders expressed hope their country will escape further bloodshed.

The newest Sultana—a former University of Illinois co-ed—is Princess Tarnata Kiram, wife of a Crown Prince. She was proclaimed First Lady of Sululand by Sultan Jamal Abireen II, because the latter's wife, a commoner, could not be elevated to the throne.

The other Sultana, Pangyan Hadji Piandao, is the consort of Sultan No. 2, Mohammed Amirul Umbar Amilbanga. She is pushing her claim, she said, because her late uncle, Sultan Jamalul Kiram, ordered her to retain the Sultana at all cost. She was considered the power behind the throne while her uncle ruled.

The two Sultanas are nieces and adopted daughters of the late Sultan.

BUCHANAN DAM TO REMOVE SCENIC SPOT NEAR LLANO

Llano, Texas, March 3. (AP)—Falls Creek, one of the natural beauty spots of Llano County and a popular fishing and camping site, will lose both its scenic beauty and usefulness as a result of the large lake to be formed by Buchanan dam nearing completion in the Colorado River between Llano and Burnet counties.

Located 25 miles northeast of Llano near the Tow Valley community, Falls Creek has for years attracted tourists and sportsmen. As the name suggests, the central feature is a beautiful waterfall descending from an elevation of 104 feet. The embankment over which the stream falls is covered with maidenhair fern. On the cliff above are good swimming pools of clear, deep water, with fine fishing holes both above and below the cascade.

When Buchanan Lake is formed the water will be backed up to a height of 40 feet above the high cliff, thus marring the beauty of the place will be inaccessible because of the surrounding lake.

ALLRED PROUD OF FIRST CHECK UNDER SALARY HIKE

Austin, March 4. (AP)—Governor Allred recently eyed with pleasure the first "\$1,000 check" given a Governor by the State.

He exhibited at a press conference his first monthly check under the current \$12,000 annual Governor's salary and remarked to correspondents "I'll pay off last month's overdrafts with this."

Under constitutional amendment the Governor's salary was hiked from \$1,000, the new pay plan becoming operative this year.

FOREST FIRE RECORD IN EAST TEXAS IS REVIEWED

Jasper, Texas, March 3. (AP)—Man still is the forest's worst enemy, says Lorenzo Jared, United States Forest Ranger, in a report of the 300,000-acre Angelina National Forest situated in the eastern half of Angelina, southern half of San Augustine, and extreme northern part of Jasper counties.

In 1936, the United States Forest Service fought 352 fires in the Angelina forest, he says, that burned more than 11,843 acres and cost more than \$5,000 to extinguish. This does not include cost of equipment, towers, towermen, or supervision, he says.

"We find," he says, "that 82 per cent of the fires were started by local people, mostly farmers and stockmen; 11 per cent by hunters and two per cent by timbermen. Some 54 per cent was set deliberately to see the wood burn, or for some other improper purpose; 31 per cent by careless smokers; nine per cent started from new ground fires, and five per cent from camp fires.

The metal, deposited top side down, suggests to students of Indian customs it may have been part of the grave equipment of a chief of long ago.

DUBLIN OPENS BASKETBALL PLAY WITH CAREY

Austin, Texas, March 5. (AP)—Eight regional championship quintets, survivors of county, district and regional meets which started with 1,000 teams, start their contest for the State High School Championship this afternoon.

Two faced elimination before nightfall and two later as all were entered in the first round of the University of Texas Interscholastic League finals. The semi-finals were slated for tomorrow, the former in the morning and the latter, with a curtain-raiser clash for third place, at night.

Interscholastic League officials announced Governor James V. Allred would award trophies to the winners. Referees named were T. W. "Ziggy" Sears and Abbe Curtis of Fort Worth and L. R. "Dusty" Boggs of San Antonio, all Southwest Conference officials.

Only two big city cage outfits were included among the eight contenders—Polytechnic of Fort Worth and Thomas Jefferson of San Antonio. Carey of the Canyon district was the only last year's aggregation to return.

First round schedule: 2 p. m.—Dublin vs. Carey. 3:15 p. m.—Harington vs. Polytechnic of Fort Worth.

7:15 p. m.—Gober vs. Thomas Jefferson of San Antonio.

8:30 p. m.—Fort Stockton vs. Livingston.

DICK METZ TAKES LEAD IN HOLLYWOOD G. F. TOURNAMENT

Hollywood, Fla., March 5. (AP)—Stocky Dick Metz, "one of the most promising young players" of the PGA yearbook, led by four strokes today as the \$5,000 Hollywood open entered the final 36 holes.

The black-haired, smiling Chicagoan rounded the 10th par 7 course yesterday in 63, to break the course record of 64 established last year by Tony Penna, and take the lead with 132.

Ky. Laffoon, another Windy City golfer and Metz' partner in the international four-ball matches beginning at Miami Sunday, equaled Penna's record and wound up with a 36-hole total of 136 to tie for second with Johnny Farrell, the home club pro, and Jimmy Hines. Hines had yesterday's third lowest score, a 65.

On their heels were Paul Runyan of White Plains, N. Y., with 137; Johnny Revolta of Chicago and Walter Scheiver of New York, 138, and Byron Nelson, of Shawnee, Pa., and Jack Patroni, of Shawnee, Pa., 139.

SPRINTERS TO GET NEW TEST

CUNNINGHAM AND OTHERS TO APPEAR IN REVIVAL OF BANKERS' MILE

Chicago, March 5. (AP)—Master Miller Glenn Cunningham and his old and new foes, Gene Venzke, Archie San Romani and Don Lash, will go to the post again tomorrow night in the revival of the famous Bankers' mile.

This installment of the struggle among the country's fleetest middle distance stars will be the feature number of the Chicago Daily News relay program which will bring major league indoor track back to Chicago for the first time since 1932. The Bankers' mile, now almost forgotten, once ranked as one of the choicest events of the Winter.

Cunningham, of course, will be the favorite in the mile. However, he is just recovering from a cold that kept him out of the National A. A. U. 1,500-meters championship race last week and may be ripe for a beating.

San Romani, who already is being figured as Cunningham's successor as king of American milers, won the A. A. U. metric mile in spectacular style, and probably will be ready to step in if Cunningham should happen to falter.

The meet also will present a pair of Olympic titleholders in Earle Meadows and High Jumping Cornelius Johnson. Meadows will continue his battle with Japan's Suesu Ohe in the pole vault, and Johnson will tackle Eddie Burke, Marquette University Negro who bettered the world indoor record with a 6 feet, 9 3/4 inches performance at New York last week; and Ohio State's great Negro pair, Dave Albritton and Mel Walker.

The sensational Rideout twins, Wayne and Blayne, of Tuscola, Ill., and North Texas Teachers, will put on their brother act against Indiana's Tommy Deckard who achieved a 9-6-6 two-mile in the Milrose games.

TRAINING CAMP BRIEFS (By The Associated Press)

Havana.—Manager Bill Terry will give the New York Giants' two "make-or-break" pitchers their first taste of training camp competition this week-end. He will use Hal Schuchman against the Havana Club tomorrow and Carl Hubbel against Almendares Sunday.

St. Petersburg, Fla.—With Catcher Bill Dickey's contract signing and Pitcher Lefty Gomez's arrival in Spring training camp, the New York Yankees' hold out troubles seem gradually disappearing. But Manager Joe McCarthy, who negotiated most of the last few contract squabbles, appears to have his hardest ahead—with Lou Gehrig, Red Ruffing and Joe Di Maggio.

Clearwater, Fla.—The young outfielder who created quite a stir among National League batters last season until he collided with a "beanball" in August is showing the Brooklyn Dodgers that the fractured skull which resulted hasn't affected his hitting eye. Little Eddie Wilson, who cost the Dodgers \$200, banged out two hits in his first day's action since then.

Pasadena.—Thornton Lee, 295-pound southpaw pitcher obtained by the Chicago White Sox in a three-cornered deal with Cleveland and Washington, will be a starting hurler this season if work and faith will help. Manager Jimmy Dykes has liked Lee and is determined to give him every chance to earn a regular job.

Chicago.—Manager Charlie Grimm already is planning to develop the big punch so lacking among his Cubs last year. Pitchers from the Los Angeles club, the Wigley Pacific Coast League team, will do most of the throwing during the first two weeks of training which will be devoted largely to batting.

New Orleans.—Manager Steve O'Neill sized up his Cleveland Indian pitchers today and came forth with a prediction the aging Earl Whitehill should win a dozen or 15 games this season. O'Neill said he'd use Johnny Hering as a relief pitcher if the 32-year-old Kentuckian makes the grade.

MONTANEZ HAS TOP RECORD IN SHORT CAREER

New York, March 5. (AP)—Pedro Vega Montanez, the golden kid from the Caribbean, paced the floor of a Forty-ninth Street hotel room today and told the fabulous story of his fight wanderings.

His two managers, Lew Burston and Jimmy Bronson, were the willing interpreters, though it could not be established that either Mr. Burston or Mr. Bronson knows a single word of Spanish.

In that mystic corner of Manhattan where Harlem tumbles carelessly into Little Spain, Montanez is the unofficial lightweight champion of the world. He is undefeated in 23 fights in this country. And even on Eighth Avenue, where the ticket sellers are the final critics, Montanez is considered the most valuable piece of fighting machinery below the heavyweight class.

These facts being the justification for the story, here's the story.

The boy was born in Cayey, Puerto Rico, 22 years ago the son of Jewish-Spanish parents, who earn a precarious living trading cattle. He seems to have learned to fight in self defense.

"We jus' fight," he blurted in English, not understanding people who do not fight.

He remembers his first fight was in 1931, and that by 1933 he had exhausted the fighters of Puerto Rico. He went to Venezuela, then Spain, fought 11 bouts and won them all by knockouts. His fame reached Paris, where Burston was promoting fights, and the pair struck a bargain.

Burston took him to Italy to meet Carlos Orlandi, pride of that Peninsula's lightweights, and Montanez beat him so badly Italian boxing authorities made Carlos quit the ring.

Finally Burston brought him to New York in 1935. Madison Square Garden authorities told him to go and get a record—and Montanez did.

In Little Spain, he became the idol. Lightweight Champion Lou Ambers recently fought at a small club, and they paid off on \$3,800. Soon afterward, Montanez fought at the same club, and the net was around \$11,000.

Three weeks ago at the Garden, Freddie Steele and Babe Risko drew about \$17,000 for a middleweight title fight. The following Friday, Montanez thrashed Enrico Venturi and the gate was \$31,000.

Now Burston and Bronson are dickering for a match with Ambers, and if they don't get it, they are willing to step among the bigger boys and fight either Jimmy McLarnin or Barney Ross.

RIEGELS OF BEAUMONT IS MEDALIST AT GALVESTON

Galveston, March 5. (AP)—Completing the back nine of the local municipal course in 25, one under par, to make up a card of 73, Bobby Riegels of Beaumont led a field of 48 golfers to qualify for the Second Annual Galveston Invitation Tournament Thursday. Riegels won medalist honors, beating out Happy Lenz of Galveston by one stroke.

The field was divided into three flights with an SI necessary for the championship flight in which five local shrimpers landed.

Match play began at 9 a. m. Friday with L. E. Dowd, Galveston, and G. C. Griggs, Houston, being the first to tee off in a second flight match.

Riegels teed off with Ben C. Doherty of Houston.

Jimmy McGonigall of Dallas and Nat Breedlove of Houston qualified with 75's. One stroke back of them were Raymond Walker of Galveston and Dick Nauts of Houston.

TEXAS POINTER RANKS HIGH IN FIELD TRIALS

Grand Junction, Tenn., March 5. (AP)—The nation's bird dog championship hinged today on the final casts in the forty-second running of the national field trials over the Hobart Ames plantation.

It was virtually certain a male pointer would be named champion by nightfall, breaking the two-year reign of female pointers.

Spankey Creek Ace, owned by J. N. Elen, Jr., of Corsicana, Texas, and Lawless Boy, from the Nashville, Tenn., kennels of John E. Cain, Jr., ran in the final morning heat, each with a chance to clinch the title by eclipsing the mediocre form shown by the field thus far.

Bound for Rio Grande.

Uvalde, March 5. (AP)—Lonnie Aydelott sawed through a heavy chain in his cell block, dug a hole outside a brick wall and escaped from the county jail today. The four-time convict, awaiting trial on burglary charges, left this note behind: "I am headed for Old Mexico—and I hope I never see you again."

Vines Believes Tilden at Peak Could Trim Perry

Denver, March 5. (AP)—Bill Tilden, at the top of his game, would have liked Fred Perry, thinks Ellsworth Vines, angular Californian, who has played against both.

"I don't think Perry is as good as Tilden at his peak," Vines said here today. He added, however, Perry "is better than the Tilden of 1934, when I first started to play him."

"In the final analysis, when it comes down to the variety of shots and outstanding performance over the years, no one can compare with Tilden," Vines said.

"But you must remember Tilden is 15 years older than Perry."

Vines and the Britisher will tangle in the city auditorium Saturday night in the twenty-seventh encounter of their barnstorming tour.

Vines called his adversary "a marvelous court coverer and very steady."

"When he reaches the ball, he just doesn't bat it back," Vines said. "He makes a darn good shot of it. My own style is more erratic than Fred's and that being the case, I don't always win. In fact, lately I seldom win."

FLORIDA RACING EVENT ATTRACTS WIDE INTEREST

Miami, Fla., March 5. (AP)—This sun-baked winter sports center is seething with excitement and speculation as to what will happen Saturday afternoon in the \$50,000 added mile and a quarter Widener challenge cup at Hialeah Park.

With the boost in added money from last year's \$10,000, the second running of the closing day classic promises to threaten turnstile, betting and racing records.

The major share of pre-race attention is going to finance, five-year-old Bay Gelding by Bull Dog Bourne, who will go into the race backed up by four brilliant victories this winter and the amazing luck of Chicago's Mrs. Emil Denmark. As running partners, Finance will have the sturdy fillies, Two Bob and E. D. Shaffer's Florida.

LONE STAR BRANDING IRON EXHIBIT DRAWS ATTENTION

Lubbock, March 5. (AP)—The branding iron exhibit at the Texas Centennial Exposition at Dallas last night should be preserved, suggests John P. Hale of Mesa, Ariz., writing to Gus L. Ford, former head professor of history at Texas Technological College who gathered and supervised the collection. Hale said:

"Knowing that these irons comprise an index to the colorful history of the Lone Star State, I hope you will see that the exhibit above all others is carefully preserved, placed in a hall of its own, and kept to be enjoyed by future generations."

Ehrhart, Oklahoma City, who allegedly obtained \$1,000 and a valuable diamond ring from Mark L. Boyner of St. Louis, Mo., on representation he planned to marry her. The indictment, handed down by a Federal grand jury, charged Ehrhart already was married.

Discharge Books Opposed.

Washington, March 5. (AP)—Paul Schanenberg, legislative representative of the International Seamen's Union, asserted Thursday opposition to the law requiring seamen to carry continuous discharge books was based on a "far-reaching and diabolical campaign." He testified before the House merchant marine committee on a proposal to repeal the law.

HER NAME IN LIGHTS

BEGIN HERE TODAY
DAPHNE BRETT, charming young New York actress, executive, rents her deceased father's Connecticut estate to LARRY SMITH, attractive bachelor architect, and immediately finds herself liking him tremendously. Daphne has one sister, JENNIFER, six years younger and just out of college.

Jennifer is a vivacious, somewhat selfish sister who resents Daphne's guidance and her first night in New York she dates TUCKER AINSLEY, Daphne's old beau. Then Daphne sees in Jennifer a challenge to herself—a challenge to get a bit more from her own life than a career.

Daphne believes Larry is married until Jennifer announces one night that Larry had called and is NOT married. She says she's going to set her cap for him.

The next Sunday Tuck and Jennifer and Daphne visit Brett Hall and Larry. Larry asks if he may see Daphne again. Back in New York Jennifer tells her sister, "So you've fallen in love." Daphne denies this but a silent struggle between the girls for the same man becomes a fact.

NOW GO ON WITH THE STORY

CHAPTER IX

Anne Cockerell shook herself and bent her head forward. Water ran in rivulets down the brim of her hat and fell on the carpet as she bent to remove her overshoes.

"Get your lazy bones out of that chair, Jennifer Brett, and give me a hand with these packages," she said.

"Sorry, darling, I didn't know you needed help," Jennifer took Anne's umbrella and coat. "Come over by the fire. I'll bring you some dry slippers. How about a cup of hot tea?"

Anne sighed and then smiled. "Jennifer, when I get ready to scold you, you go and get sweet on me."

"So that's why you came early? Can't you wait until Daph gets here and you can both give me a good combined lecture?" Jennifer tweaked a curl at the back of Anne's head.

"No, that isn't why I came early. I wanted to see Daphne and we had planned to have dinner together tonight but I've got to work so I dropped by on my way home. And I'm a girl who believes in seizing opportunities. Like this one. I just thought maybe we could have a good old-fashioned talk."

"About what, Anne, men or money?" Jennifer was pleasantly impudent.

"Money," Anne was curiously embarrassed. "I mean about Daphne's money. I know you aren't going to like this, honey, but I think you ought to know about it. Daphne's sending you to a secretarial school means that..."

Jennifer sighed. "Oh, Anne, help me! You're going to say that it costs..."

a lot and you want me to make good. Well, I never will. I simply loathe secretarial school and I can't make those funny little lines but Daphne won't let me give it up. Anybody's think I hadn't tried to earn a living when I had my job in Wall Street. It wasn't my fault that I got fired."

"What do you want to do?" Jennifer played with the tassel on her belt and sighed. "I don't know. That's the trouble. There are so few careers..."

Anne studied her for a few minutes and bit her tongue to keep back all she knew. She might have said: "The trouble is that you are having a lovely time playing house in Daphne's apartment. You don't want to do anything but stay in bed until noon and stay up all night. You don't want to help." She didn't say it.

She was saved from saying anything more, Daphne called from the other side of the door.

Jennifer jumped up and opened it. "Oh, Daphne, what on earth have you there?" She began relieving Daphne of the packages that weighted her down.

"Hello, Anne. I've been Christmas shopping. Not that I can afford it, but it's got to be done and Christmas is only two weeks away. And what a night to be shopping!"

"Winter seems to have come with a vengeance," Anne said comfortingly, stretching her toes out to the fire.

"Hasn't it though? It's a night out not fit for man nor beast. It feels like rain and if we have rain over these frozen ruts it will not be any fun getting around New York."

"Speaking of getting around—" Jennifer looked up from the tea she had poured for Daphne—"Tuck is taking me to a party in the Village tonight."

Daphne had not had her tea, her nerves were jumpy and she was tired. "You're not going," she said flatly.

"Come off it, Daphne. Anybody'd think I was an infant in swaddling clothes who couldn't keep her eyes open after 6 o'clock!"

"That isn't the point," Daphne went on coldly. "The point is that you've got to get to school in the morning and I know that crowd in the Village. I don't happen to like them. For that matter I don't happen to like you going about with Tuck all the time. I told you that. His friends are entirely too sophisticated for you. You are not going out with Tuck tonight."

Anne watched Daphne blow up with some amusement but she didn't say anything until Jennifer had left the room, swinging out airily and with a disdainful glance at Daphne. The girls in the living room heard the shower running in a few minutes.

"Atta baby!"

"I didn't really mean it, Anne, but... oh, I give up! I'm really annoyed at Tuck. He knows she's only 18 and he has deliberately disregarded my wishes. I don't want her running with that Village crowd. She's too pretty, too eager, too prone to fall for that line of living-out-

own-lives. She goes out with him and stays late and I worry about her. I wish to goodness she'd fall in love with some nice boy and get married."

"I thought she was going to marry a millionaire?" Daphne looked up and pursed her lips. "Any minute now," she said laconically.

"Oh, since we're in the romance department, any word from Smith?" "No word from Smith," Daphne said shortly.

"No harm meant. I just thought that speaking of 'the right man'..."

"Anne Cockerell! Will you please tell me why two girls can't get together for more than 10 minutes without talking about men? If we were a couple of men you'd be telling me about what Joe Dokus said in this morning's paper about the hockey game and I would be spouting my trouble over the Georgian Creme account. I've got a problem there that would make your hair stand on end but do we talk about it? No. And why not?"

Anne thumbed the pages of a fashion magazine. "I think Joe Dokus writes drivel and I've business problems of my own. Also, I think women have too much sense to waste their time on such trivia. Now this Larry Smith matter is important. You were all blown up with anticipation because he was going to call you. Then he didn't and you began to get that itch to hear the telephone. You didn't know what I was talking about half the time. Then, when you've decided he isn't going to call you, you develop a grudge that affects all your friends. So isn't that an important matter?"

Daphne leaned back in her chair and looked at the ceiling. She sighed. "You women!" she said.

The telephone rang in the bedroom. "I'll get it," Jennifer called back.

"It's for you, Daph. It's Smith."

Daphne bounced out of her chair. Anne couldn't hear what she said but she could hear the purr in her voice.

She put on her overshoes and tucked her hair under her damp hat. "I guess you won't mind if I run along tonight?"

Daphne, with a flush on her cheek, a broad smile, said, "Must you, Anne? He's coming right up. We're going to see that ridiculous melodrama, 'The Drunkard.'"

"I call that subtle!" Jennifer said. "The first time he calls up and asks for a date, she accepts. Keep 'em dancing. That's my method."

"Anne, shall I wear the black taffeta?"

"I think a little Tyrolean costume would be cute," Jennifer professed.

"Oh, Jennifer, what will you do about dinner?" Daphne asked, suddenly contrite. "There isn't anything in the house but stuff for toast and eggs."

"Who met?" Jennifer asked brightly. "Why I think I'll have the cook fetch a bit of caviar and some pheasant and serve it in my room. Don't worry about me, darling. I'll just pursue my learning."

Then, when Daphne went to the door with Anne, Jennifer slipped into the bedroom, closed the door behind her, and took the telephone from its stand. She was going to pursue her learning her own way.

No sister was going to tell her what to do. Keeping her in like a schoolgirl. She was a woman who had a right to do as she pleased!

She dialed her number and bit on her lower lip.

"Hello..." she said after a moment. "I can't talk now but... I'll meet you later... yes... I told you I would... I've been good too long."

She put the receiver back on the hook.

RAINER AND MUNI HONORED

RECOGNITION GIVEN TWO RANKING STARS AT ANNUAL AFFAIR

Hollywood, Calif., March 5. (AP)—The academy awards for motion picture greatness were in the possession today of Paul Muni, stage and screen veteran, and Luise Rainer, comparative newcomer from Vienna.

The two highest honors of the Academy of Motion Picture Arts and Sciences were presented at a gala affair last night.

Muni's performance in the title role of "The Story of Louis Pasteur" was adjudged by Academy members the best work done by a motion picture actor in 1936.

Miss Rainer, as the glamorous Anna Held in "The Great Ziegfeld," won the customary prize for actresses.

The customary storm of controversy did not develop when these winners were announced.

Critics generally were of the opinion that Spencer Tracy as the priest in "San Francisco" ran Muni the closest race, and that had he been placed in the category of supporting actor competition he might have won that hands down.

The other three nominations for best actor were Gary Cooper, Walter Huston, and William Powell, appearing respectively in "Mr. Deeds Goes to Town," "Dodsworth," and "My Man Godfrey."

Pitted against Miss Rainer were Irene Dunn in "Theodora Goes Wild," Gladys George in "Yankee Doodle Dandy," and Carole Lombard in "My Man Godfrey."

Walter Brennan, as Swede Bestrom in "Come and Get It," was selected as the best supporting actor of the year and Gale Sondergaard, the shrewish, Canny Faith in "Anthony Adverse," was the outstanding supporting actress.

Walter Disney, with his Mickey Mouse "Country Cousin," won the best cartoon award for the fifth consecutive year. A special award, last year given to David Wark Griffith, pioneer film producer, was bestowed upon "The March of Time," screen news feature.

U. S. STEEL PASSES WAGE INCREASE TO CONSUMER

Pittsburgh, March 5. (AP)—United States Steel, two billion dollar giant of the booming steel industry, passed along to the consumer today the wage increase it granted employees three days ago.

William A. Irvin, president of the corporation whose employees of March 16 will receive a 10 per cent pay boost for a 40-hour week, said "sharp rises in supplies and raw materials" also had their part in advancing prices \$3 to \$8 a ton, effective today.

The epochal wage agreement signed Tuesday by Benjamin F. Fairless, president of Carnegie-Illinois Steel Corporation—U. S. Steel's biggest subsidiary—reduced the work week eight hours and provided time and a half pay for overtime.

Typical increases included standard rails from \$39 to \$42.50 a ton and sheet hars from \$34.50 to \$37.50 a ton.

Financial circles foresee the announcement as presaging a general increase throughout the industry.

REBELS SCORE FRENCH MOVE

MOROCCAN ACTIVITY IS BRANDED AS THREAT TO EUROPEAN PEACE

Salamanca, Spain, March 5. (AP)—The Spanish insurgent regime accused France today of fomenting disturbances in Spanish Morocco in order to force a pretext for invading the territory held by Generalissimo Francisco Franco's armies.

Declaring any attempt at aggression against Spanish Morocco would be met with "an adequate reply," the insurgent diplomatic cabinet lodged a strong note of protest with all signatory powers to the Algeiras Convention.

France's diplomatic cabinet announced the note "denounced maneuvers in the frontier region of French and Spanish Morocco which permit the authorities of French Morocco, under pretext of re-establishing order and avoiding the danger of exciting the natives of the territory, to invade our zone, violating in this manner all international conventions and creating a dangerous situation to the peace of Europe."

The insurgent diplomatic staff charged the French were secretly concentrating arms on the border and planned to introduce them into the Spanish Rif.

Teams representing 36 high schools of North Texas are scheduled to compete for trophies offered by the Senior and Junior Chambers of Commerce of Wichita Falls. The tournament subject is, "Resolved, that the manufacture of munitions of war should be a Government monopoly."

Other schools participating in the tournament include Denison, Quanah, Rhine, Ferris, Chillicothe, Floydada, Harrell, Spur, Bowie, Crosbyton, Slaton, Olney, Childress, Cana, Henrietta, Bonham, Alvord, Geraldine, Sweetwater, Electra, Nona, Hamilton, Memphis, Burkburnett, Borger, Denton, Bellevue, Byers, North Dallas, Amarillo, Holiday and Wichita Falls.

EMBARGO PLACED ON JUNK SHIPMENTS TO TEXAS CITY

Fort Worth, March 5. (AP)—An embargo has been placed against shipments of junk to Texas City, Jack Gachman, president of the St. Louis Waste Material Company, was informed here Thursday.

Officials of the Fort Worth and Denver Railway Company confirmed the report. The embargo went into effect Wednesday and will be on for 30 days, according to Gachman, Texas City, shipping a million tons a year is one of the biggest outlets for junk in the United States.

The price of junk, now at \$12 a ton, is apt to take a decided drop within 30 days if the embargo remains in effect.

Reason for the embargo is lack of ships, Gachman said. At present there are some 20,000 car loads of junk in Texas City yards. Only two ships can be loaded at one time. It takes approximately 200 car loads to fill one ship. While 200 cars were being emptied, 400 have been coming in recently.

POPULATION OF AMARILLO IS ESTIMATED AT 54,789

Amarillo, March 5. (AP)—Amarillo now has an estimated population of 54,789, an increase of slightly more than 27 per cent over the 1930 Federal census.

The estimate is made by the Federal Bureau of Census regulations, based on the increase between 1920 and 1930, plus an increase of 2,500 by extension of the city limits. The latter figure is based on the number of water meters in subdivisions taken into corporate limits since the last census.

The estimate of 54,789 is only 161 below the Amarillo Chamber of Commerce figures, based on the number of gas, water and electric meters and the number of telephones in the city.

Santa Fe Orders Cars.

New York, March 4. (AP)—The Atchison, Topeka & Santa Fe Railroad has ordered from Budd Mfg. Co., 52 streamlined stainless steel passenger cars. It has also ordered from Electro Motive Corp. a new streamlined Diesel locomotive.
